Fireplace

We are delighted to bring to the market this wonderful VILLA with many traditional features, this is an above average family property the large front Naya Porch has the most amazing views to the valley overlooking a fabulous Palm plantation, which comes with the property.

If you can tear yourself away from this magnificent Naya which is a beautiful covered porch with an area glassed in for the winter months, where you will still get that all day sunshine..... and of course the amazing stunning views, words cannot describe these views..... you must come and see for yourself.

From the hall way you will enter into a large comfortable lounge and an amazing country kitchen which has been hand built in traditional stone.

A hallway leads you to three large bedrooms and three bathrooms and a utility room.

The leisure area and swimming pool has been cleverly constructed by the owners who realised that this property had views just to die for so again you have uninterrupted views when you are relaxing and dining alfresco,

This is an amazing family property and would also be suitable for business opportunities, located just 5 minutes from the popular town of Aspe and only 20 minutes to Alicante airport and beaches.

You will not be disappointed if you view this property we highly recommend it is one of the most beautiful Villas in the area.
